

HELEN SANDERS  
PROPHETIC VISION  
4-4-2020

I move in the prophetic gifts. I am what you would call a seer. It has been that way most of my life. I see things that other don't see. It is part of the gifting that goes with the call.

This week I have had two visions. I shared the first one publicly here in the newsletter, and on several prophetic forums. You can see it if you go to our website. It is dated March 3`1. [Click here to read.](#)

The following day, April 11 had an open vision I have posted it on our website It is very sobering. I pray that as you read it you take it to heart. As we look around we can see the end times unfolding daily. I have preached for the last 15 years to prepare. Not just physically, but spiritually. I pray that you are prepared. You can read it *by clicking here.*

I have hesitated to share this, but the Lord said to make it public

I was in our car with Russell. We came to a stop light and suddenly I was in the spirit.

I was seeing Jesus and the Father. There was a large puzzle with black pieces laying on a table. It had only a few pieces missing and those pieces were laying on the table. The puzzle and the pieces were solid black.

As they were conversing I heard the Father say:  
"Son, it is time to finish it".

That was the end of the vision.
