MORE LOVE MORE POWER

I enjoy hearing the song “More Love, More Power”, more of you in my life. A Christian’s walk should be focused on God, and nothing else. Only through Jesus Christ will this earth, including America be great again.

I would have to say that I am a conservative Republican by voting party, but I am more than that. I am a conservative Christian. What does that mean? It means I believe that the word of God is the only rule book to live by. Proverbs is the book of wisdom. The Epistles teach us our daily life examples, and the Old Testament Prophets give us instruction. There is no greater book to receive instruction from.

Many are looking to men to bring change to this earth, and that is not the answer. We can not “make America great” by our own works. The only thing that will make America great will be when it comes to its knees in repentance over its sin, and profess that Jesus is the answer. He will one day set up a Kingdom on earth, and it will not be made with hands of clay. It will be a holy kingdom, run by the King of Kings and Lord of Lords. He is our example, and He alone will get the glory for the redemption of mankind.

Do I believe that America will repent? From what I have seen, it is not happening. Yes, there is a remnant that truly love God, and seek after Him, but there are many that are religious without true relationship. Many call him Lord, but do not know him as Savior. They have a form of godliness (religion) but deny the power that changes lives. To truly see things change, we need repentance on a national level that filters down to the local Church. We need more of God’s love and power in our lives now than we have ever needed it. I see the days ahead being hard for many that are not sold out to Jesus Christ. I see people turning against those that love the Lord. I see persecutions coming, and silencing of those that stand for truth. Where do I get that information? I get it from reading the word of God. In last days perilous times come, and that is where we are. It says Mother will be against Daughter, and Father against son. If Judas, sold out Jesus for 30 pieces of silver, and walked with him for three years, don’t think that it won’t happen to us by those that are close to us.

I suggest that we seek God with all our hearts, souls and mind to determine the plan that He has for us. We need to witness like we never have before while we still can call sin a sin. Soon that right will be taken away, and it may cost us our lives to put truth out.

Let’s make America great by putting God first, his love, his power, and make a difference one soul at a time. Stay sheltered in Psalm 91 and be the one that helps bring others there with you.
