REVIVAL

We all want to see revival. Did you know that it can start with you? Yes, my friend, one person sharing their testimony with another is the best way to win the lost.

Can you imagine how fast a Church would grow? If there were two people in Church and each led one person to Christ, and then those four did the same, and those eight did the same and those sixteen did the same, it would not take long before every seat was filled.

If the numbers doubled every week in just 8 weeks there would be over 200 people added to Church. It is not a job just for your Pastor, or an Evangelist to do. It is the assignment of every Christian to share their faith. We are to be light in a dark world. Two little lights can become 252 in 8 weeks if everyone did their part to win one person a week.

Think how many people would not spend eternity apart from the Lord if we did this. In reality it may not happen in eight weeks, but if we made it our goal to share our faith every day with someone, by next year, we could make a difference in our community. Time may be short to share our faith openly. Now is the time, and today is the day of salvation. Don't put off sharing your faith before it is too late. People are waiting to hear the good news that Jesus loves them. Be blessed.
