SEEDS OR WEEDS

If you have ever had a yard with grass, you are familiar with weeding the grass. It doesn't take long for weeds to take over the good grass. If you don't pull them out, they will destroy a yard. You can only do so much with spray to kill weeds. It takes more than spray to destroy weeds. It takes the work of pulling them out by hand to get rid of them. Then if you don't pull them out by the root, they will spring back quickly.

The scripture tells us in Proverbs 18:21 that ***"Death and life are in the power of the tongue: and they that love it shall eat the fruit thereof."*** In the New Testament words are described as seed. Jesus, the word made flesh was planted as a seed and brought forth new life. Our words are also either seeds or weeds. We are either producing life or death.

As we are coming into a new year, I feel it is vital that we keep our words in line with the scriptures. This is not the time to be careless with our words. We must speak life over situations that otherwise would look like death. We must take back what Satan has robbed from us through careless words that we have spoken.

Like weeds in the natural that need to be pulled up by the root, we must pull these weeds out of our lives also. We must dig deep to the root of what caused those "weeds" to flourish and cut the root out. It may be painful, but it is absolutely necessary.

Offenses are like weeds. They grow bigger and bigger if we don't cut them out at the root and replace them with the word which brings life. Forgive quickly and they won't grow. Love more than ever so they won't grow. Give without expecting and weeds won't grow. It isn't about you. It is about your relationship with God and your willingness to be obedient.

I see 2022 as a year that will bring much shifting in the spiritual and natural realm. We must take this pulling weeds out of our lives to heart my friends, or some will not make it through this year. Don't let anything grow in your life that isn't from God.

Seeds or Weeds, it is your choice.
