WHO ARE YOU LISTENING TO?

If I were to ask you who and what you have been listening to, I would be able to answer that question by looking at your demeanor before you even answered.

The enemy constantly whispers into our ears his lies and accusations. His goal is to take you down and keep you down. Before you are saved, he will entice you with thoughts and whispers into your ear that a "little sin" can't hurt. If you give in to his words and you think about it, then lust forms in your heart. The more you think about it the more it entices you and then you give in to it. Then after you sin, Satan always whispers condemnation into your ear for sinning and will try to destroy you with it. He does not play fair!

Our minds and thoughts become the battlefield. We have to choose what we think about and choose what we do with the thoughts. Satan will never quit, but we can learn to deal with him. It truly is a matter of life or death what we do with these thoughts. *Satan can only defeat you with deception.*

Once you know that Jesus has forgiven you, you have the Word of God as a weapon. It is sharper than any two-edged (double-bladed) sword. It is your only defense against the words he whispers in your ear. If you continue to listen, you will live a defeated life with no faith, believing the father of lies more than you believe God, and that can ultimately destroy you.

God wants you to live a victorious life. All of God's promises are for you my friend. They are yours for asking, but you must believe them. When you don't believe they are for you then you are calling God a liar! How awful to think that, but it is absolutely true.

Who are you listening to? Determine today listen to God and walk in the fullness of God's promises, then take back what Satan has stolen from you and live a victorious life. Be blessed today so you can be a blessing!
