NATIONAL SIN PART 3  
JUDGEMENT

When a nation turns its back on God and what the Bible clearly identifies as sin is officially legalized by the government and is called “good,” judgement will come. This is what America has done. It is what most countries all over the world have done.

God’s primary means of judgement comes through what many people call “nature” or “natural events.” Devastating storms, severe drought and famine, volcanoes and earthquakes, and pandemic diseases are all things He allows when His shield of protection is removed or lifted because of sin. He allows Satan to be used to bring judgement through pandemics and through lawless rioting. Are we not seeing those very things right now?

The frequency of earthquakes has tripled over the past two decades. Their intensity has increased. Several major life-altering volcanic eruptions have happened. This Covid-19 corona virus has terrorized the entire world like no pandemic in history has ever done. Rioting and destructive violence sparked over the George Floyd incident have spread to many cities across the nation, perhaps partially a “venting” of tensions caused by the present nationwide lockdown causing some to become “stir crazy.” There is a spirit of lawlessness (iniquity) in the land. A spirit of unbelief has been bred in our generations under 60 years of age due to the effects of our Supreme Court outlawing the Bible and prayer throughout our educational system, thus allowing the philosophy of humanism to replace a belief in God. The Humanist Manifesto came into our society in 1933 which placed mankind as the “top” of the order in place of any kind of “supreme being.” It makes mankind supreme.

What we see now is only the beginning. It is only the leading edge of the greater judgement that is coming. It is playing out just like the bible describes for the end times, the judgements, and the Great Tribulation which is knocking at our door.

There is a strong movement already toward the New World Order, a global economic and political system spoken of in the bible. The “money” as we know it now will soon be gone, even made illegal,” replaced by a universal crypto currency, an invisible computer based “money.” A special I.D. will be required to access your “new money,” and that I.D. will be permanently put on your physical body. The technology has already been developed. This corona virus has set the stage for people to be willing to take this I.D. and governments to require by law, a vaccine and a “tracking I.D.” with it to be done for all the 7-1/2 billion people in the world.

It sounds a bit like “the mark,” doesn’t it? Keep your eyes open, and your spiritual “ears” tuned in. Diligently study the Bible about these events, especially Daniel Chapters 7-12; Matthew Chapter 24; and Revelation Chapters 4-23.

God will take care of His faithful remnant, but that remnant is small. Make sure of your personal commitment to be true and faithful to Jesus to the very end, no matter what trials, tribulation or torture may come to you.

Do not say, "I won't be here. I will be gone in the rapture." Do not count on it. Be prepared to endure to the end "the worst of it" if it comes to that.
