GOD SPECIALIZES IN THE IMPOSSIBLE

Throughout the bible we see the amazing stories of how God puts someone to the test, and then does a miraculous intervention.

Take Goliath. Here was a giant that had intimidated the ENTIRE Jewish army. Day after day he stands on a mountain threatening Israel and King Saul. Then, one young boy with a sling and a few stones does a daring thing and the giant falls dead. In the natural it would seem impossible, but David was anointed to kill giants!

Then there is Moses. Here is a stuttering 80-year-old man called back to a land that he ran from. Not only did he lead the Hebrews out of Egypt, but through him many miracles happened. The parting of the Red Sea was one that brought deliverance to the Hebrews, but destruction to the Egyptians.

Then there is Gideon. The least of the least of his family was called to be a warrior. Many followed him, at least 30,000. The enemy had many more, but God cut Gideon's number down to 300. Only 300? Yes, because only God would get the glory for winning the battle.

Then there is Saul. A killer of those of "the way" (Christians). He had a plan to destroy them all, but God had another plan. When Saul met Jesus on the Road to Damascus, his life was totally changed! One encounter with God made the difference. He became the writer of most of the New Testament. From killer to a child of the king.

So, you are wondering what God can do for and through you? He can work a miracle for you just like these saints of old, if you are willing to let him. What? Willing? Yes, willing. This means you trust that if God has an impossible plan for you that He will make a way for it to come to pass.

God specializes in the impossible!
