PROVERBS TO LIVE BY
PROVERBS 4:18-19

There is much wisdom in the Book of Proverbs by Solomon. It is wisdom for practical day to day living that helps to bring a better path to the future as well as the present days.

Proverbs 4:18-19 (KJV) says ***“...the path of the just (righteous) is as the shining light that shines more and more unto the perfect day. The way of the wicked (sinner) is as darkness; they know not at what they stumble.”***

The “shining light” here means “brilliant illumination.” The life of Christ within us is a light that shines through us to those of the world. Where there is light, darkness goes away. When the light of Christ illumines one’s soul, the darkness in their life is taken away and they walk in His light until they come into that perfect day. Their “perfect day” is when they arrive in heaven after this earthly life. All is perfect in heaven.

The light of Christ within us is like a beacon of light leading them toward the Truth (Christ) and away from the rocks of eternal destruction, much like a lighthouse gives guidance to the sailor on the waters.

The wicked (any sinner) is in darkness, bound in the world of sin. This is a spiritual darkness where they cannot perceive truth. Jesus is The Truth. They have no true understanding because Satan has deceived them and darkened their ability to perceive or understand real truth. They believe that the world they see around them is truth, but it is only deception. Their spiritual eyes are blinded, and they do not even realize it.

Only Holy spirit can open their eyes and heart to see Truth and gain Understanding.

If you have unsaved loved ones or friends, pray that Holy Spirit will open their spiritual eyes to see Truth and be drawn to Father God through Jesus.
