CENSORSHIP

It is very interesting to me that one can stand for truth and be censored. It happened to me yesterday as Russell and I did our LIVE broadcast on YouTube and Facebook. I had no issues with Facebook, but YouTube took the video down. I was told that it went against their standards. What was the video about? Well, we shared that there will be days that the only thing you can do is pray whether it is COVID19, (we spelled it out, we did not say the word) or any other need. We shared that many are in fear of losing their jobs if they don't take the vaccine mandate. We then shared if that happens that God has a plan for each of us. We must walk in that plan.

Censorship is becoming a problem more and more. Many websites have been shut down, and people have lost their ministries because of this. People get offended over the smallest things and many have become violent in our streets. I truly believe that we are living in the last of the last days before the Lord's return. Our adversary, Satan, is doing everything he can to shut down those of faith. As we get into the Great Tribulation (if we are still here, and I am preparing for just that) then we will find it harder and harder to "survive."

In the book of Acts we see the price that the early church fathers paid for sharing the gospel. The only disciple that wasn't martyred was John. He lived to an old age even though he was put into boiling oil. God was with him on the Isle of Patmos. He never backed down from his call, and neither did the rest of the early church martyrs.

So, what about mandates and censorship? Moses' mother was under a decree to have all the Hebrew baby boys killed, yet she saved his life. Daniel prayed three times when it was forbidden by the ruling government. We must go with God regardless of the mandates that a government sets when they oppose God and scripture. We must do what we can, where we can, while we can for the Lord.

By the way, I have a link for this "censored" video. I have put it on Vimeo. Here is the link to watch it. I would like to hear from you as to what your thoughts were on this video. Here is the link [click here](#).

God bless you!
