Liberty Place, Inc

“FREEDOM TO TRY”

Providing Program Focused Facilities, Programs & Services for Brain Injury Thrivers

The Townhouse

The Townhouse is the second facility in Liberty Place, Inc.'s continuum of care. This facility, located in the town of Whitehall, offers its 9 residents increased independence while still having 24/7 staff support. The house has 9 private rooms, with semi-private & private bathrooms, a large kitchen / dining room, living room and activity/fitness area. Some residents here have local jobs, and they help with housekeeping and meal preparation. With the assistance of their Direct Care Staff, all residents take a more active role in their own care and work toward their personal goals.

The small town setting offers residents the opportunity to integrate into the community and participate in local events and activities. The residents are just a few blocks from the Public Library, Post Office, Medical Clinic, and many other stores and shops.
