

STEAM Activities

- Fold, sort, and match laundry
- Count items together
- Build a ramp for cars
- Melt snow or ice
- Sort by shape, color, or size
- Make patterns
- Go on a shape hunt
- Play with shadows
- Explore what floats and sinks
- Plant seeds and watch them grow
- Make paper airplanes and see how far they go
- Make your own bubble solution and have fun chasing and popping
- Make your own musical instrument
 - Dried beans and a water bottle
 - Cardboard box and rubber bands
 - Oatmeal container drum
 - Pots and wooden spoons
- Erupt a volcano by mixing baking soda and vinegar. Have your child guess what will happen? What happens if you use water instead of vinegar? How about lemon juice?
- Make art with coffee filters, markers, and water
- Grab a magnifying glass and explore inside and outside your home
