

Adolescent Well Child Checks & Physicals

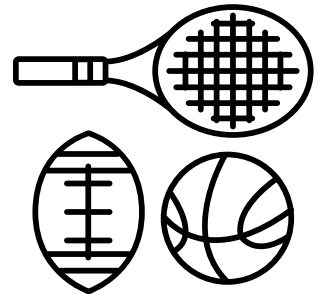

Adolescent Sports Physical Evaluation's can be done any time of the year

Adolescent Preparticipation Physical Evaluation's are often scheduled prior to the school year, but they are valid for 13 months*. Meaning the evaluation can be done any time of the year. This can be a helpful talking point when reaching out to patients to schedule their Well Child Check.

*If the preparticipation athletic evaluation is conducted between May 1 and June 1, the preparticipation evaluation, signed by the medical examiner, is valid for one calendar year plus the remainder of that current school year's spring sports season (i.e. through mid-June).

Child and Adolescent Well-Care Visits (WCV) CPC Kids Definition

The percentage of members 3–21 years of age who had at least one comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year.
