

# SUCCESS!!

---

Patient Name: Whitney Lynch

I had severe back pain. The amount of pain I was in made it unable for me to perform daily tasks. At the time I was working at a desk and it felt like it was killing me to sit there all the time due to the pain. I also have a young son and didn't feel like I could be as present with him after work as I wanted to.

I looked online for chiropractors near me and found Dr. Lizz. She wasn't the closest chiropractor to my house, but I loved what she spoke about on her website. I knew I needed to come check out her office.

My life has absolutely changed because of my experience at Live Well Chiropractic. I've lost weight, gained confidence in myself, and I have a much more positive outlook on health and life!

I hope to continue with chiropractic care. It has been amazing so far and I'm looking forward to what the future holds.

I hereby give my permission to publish my success story in whole or to summarize its contents in any of the publications of Live Well Chiropractic.
