

13th Annual Spring Classic

Police Motorcycle Training and Skills Competition

April 10-13, 2024

In 2011 the Grand Prairie Police Department teamed up with a local business to create an event that would allow motorcycle officers to give back to the communities they serve. The Spring Classic Police Motorcycle Training and Skills Competition is recognized as a 501 (c) (3) organization. The money raised from the competition goes to support the Law Enforcement Torch Run for Special Olympics.

The Grand Prairie Police Department is proud to host the 13th Annual Spring Classic Police Motorcycle Training and Skills Competition. This year's competition will take place April 10th-13th, 2024. The main competition days will be Friday and Saturday, April 12 & 13th. This year's event will be held at **The Epic, 2960 Epic Place, Grand Prairie, Texas 75052.**

Since the first competition we have continued to grow and evolve. In 2014 we were glad to be able to introduce a new element, hosting the 1st annual Spring Classic Civilian Motorcycle Competition in conjunction with the police competition. This competition allows civilian and police riders to compete on the same courses, helping to promote rider training amongst civilian motorcycle enthusiasts. This continues to be a unique element of our event and we are excited to carry on the tradition of allowing civilian riders to compete alongside police officers!

The four-day event brings together officers from across the region to participate in valuable training that keeps them safe while performing their normal duties. The competition allows the officers to have fun while showing off their riding skills in front of spectators and having an opportunity to interact with the public in a non-enforcement role. Through entry fees, sales and donations made at the event, and the support of our sponsors, we are able to make a sizeable contribution to the Law Enforcement Torch Run for Special Olympics, and in turn support the Special Olympic Athletes and Special Olympics movement as a whole.

Without the support of our generous sponsors none of this would be possible. It is for this reason that we are reaching out, looking for companies or individuals willing to help us make the 13th Annual Spring Classic Competition another huge success. On the following pages is the sponsorship information. Vendor spaces are available with each sponsorship level, allowing sponsors to also interact with both the spectators from throughout the community and the officers taking part in the event. We are also accepting items for a silent auction to be held in conjunction with the event. The Spring Classic Police Motorcycle Training and Skills Competition Board thanks you for your consideration and we look forward to hearing from you.

Spring Classic

Police Motorcycle Training and Skills Competition

Mission:

It is the mission of the Spring Classic Police Motorcycle Training and Skills Competition to provide law enforcement motorcycle officers from across the region unique and challenging training opportunities, which will help them to be safer motorcycle operators while performing their regular duty assignments. Furthermore, we wish to team with civilian motorcyclists to increase the understanding amongst civilian riders of the need for further motorcycle operator training, and thus provide an overall safer environment for all motorcycle operators. Through these training opportunities we hope to build camaraderie between the law enforcement officers and the citizens that we protect and serve, while giving back to those in our communities with intellectual disabilities.

Since the inception of the Spring Classic Police Motorcycle Training and Skills Competition in 2011, the number of officers taking part in the training has continued to grow. In 2014 we allowed 10 civilians to join in our training, and saw the benefits this brought to the competition, both in training and the bond between officers and the citizens in our communities.

Also, during our ten years as an organization, we have been able to raise over \$100,000 for programs which improve the lives of those with intellectual disabilities in our communities, through the Law Enforcement Torch Run for Special Olympics.

The Spring Classic Police Motorcycle Training and Skills Competition is a recognized 501(c)(3) organization.
