

Musician Mondays

Lana Anderson, Principal Pianist

Lana Anderson has been our principal pianist for three seasons. Having a trumpet player for a father, she grew up around music and took up her own instrument at the age of 5. That instrument was the piano, and it has afforded her many opportunities to create music with others. This ability to give through music is what she loves most about playing. In the North Port Symphony, supportive and friendly fellow musicians help foster this enjoyment...and the conductor, Robert, is fun to work with too!
