

Welcome to the 2022-2023 Mad About Science Program!

Here's a quick overview of the program:

Reading & Lab Journals

- Parents & students are encouraged to read the books together and discuss
- After completing the bag, students should fill out their lab journal with the following info:
 - Their favorite book
 - 3 interesting facts about that book
 - Parents should sign the lab journal

Bag Exchanges

- We will hold 9 bag exchanges, approximately one every 2 weeks
- You will be notified of upcoming bag exchanges via email
- If you would like your child to receive a new bag at an upcoming exchange, you simply have to return your current bag.
- Existing bags should be returned to the bin in the PRS front lobby prior to the exchange.

Lab journals should be put in the front pocket.

- Lab Journals will receive a Wizard sticker and will be returned in the newly issued bag

Awards

- Awards will be given at All School Meeting for completion of 3 bags, 6 bags, and 9 bags.
- 4th graders who have completed 27 bags (9 bags times 3 years participation) will receive trophies at year end.
- We will email you when your child is set to receive an award at an upcoming ASM.

Damaged Books/Bags

- Most bags contain 3 books, however there are few that only contain 2 (check the bag content sheet to be sure)
- Please report damaged/incomplete bags via the link below.
