How to use the grills

LIGHTING GRILL

1. Open the hood completely. Do not light burners with hood closed. Do not lean over the grill
2. Select the burner you want to light. Push in and turn the grill burner control knob to IGNITE/HI, while continuing to hold it in.
4. You will hear the "snapping" sound of the sprk. When burner is lit, release the knob. Turn knob to desired setting.
5. Repeat for each of the other burners as needed.

TURN OFF GRILL

1. Turn Grill knobs to the right. Be sure they are pointing up. You have to turn the gas completely off.
2. Let grill cool
3. Scrub leftover food off grill
4. Close grill hood
5. Double check the gas knobs before you leave. Make sure they are in the off position.
