

Fireplace/ Fire Pit rules

1. When in use fire pit must be constantly attended.
2. Fire must be completely extinguished after use.
3. Use is prohibited to anyone under the age of 18.
4. Use only during operation hours

How to use the Fire Pit

1. The nob labeled on/off you will turn to the middle where it is labeled "PILOT LIGHT" and push down.
2. While pressing the on/off nob also press the nob to the right labeled "IGNITER" (you may have to do this a few times before the burners lights)
3. After it is lit you can control the flames by moving the on/off nob to the left of the pilot light location.
4. When don using make sure you turn the on/off nob to the off position.

How to use the Fireplace

1. Locate the remote, which is mounted on the wall across the doorway from the TV.
2. Press the red and black button located in the center of the remote.
3. Press the red and black button a second time to ignite the fireplace. The flames will start in 3 to 7 minutes after pressing the button the second time.
4. When don make sure you turn the fireplace off by pressing the red and black button.
