Moving Forward

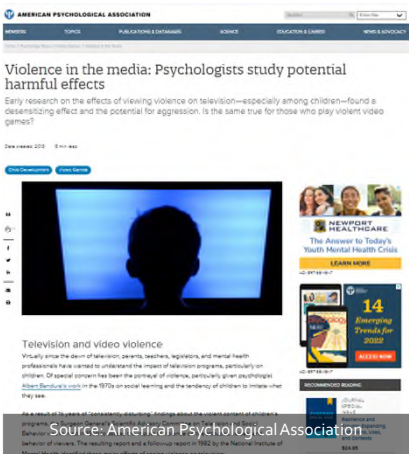

A roundtable conversation around our response to violence.

6

1. Hate-fueled incidents are becoming increasingly closer to the home (geographically and demographically).

What do you think the impact will be? On the community, social ties, lifestyles, local government action, etc.

7

2. Have we been desensitized to violent incident? As a result of violence in entertainment media and/or the frequency of violence in real life.

8

▶ 3. Call to Action: How do you plan to respond? Feel free to share with our group.

▶ Examples: writing letters to advocate for certain issues, connecting with groups/organizations that share your values, attend your local citizens' academies, etc.

A hand is shown writing on a document with a pen. In the background, a laptop screen displays the words "TAKE ACTION" in bold, black, uppercase letters. The scene is set on a wooden desk with a smartphone and glasses nearby.

Thank You!
