VGA Parent Winter Report - Parent Letter

Your child's academic progress at this point in the school year

The chart below shows your child's score on two of the three growth assessments your child will take over the course of this school year. These scores can be used to understand if your child is learning the content and skills expected in the Virginia Standards of Learning. If the growth assessment score is staying the same or decreasing, it may be helpful to ask the teacher if your child needs more support in this subject area.

Based on your child's score on each Growth Assessment shown above, your child:

needs additional support.	is at risk.	is generally well prepared.
