However, said owners hereby agree that henceforth, unless otherwise permitted by the Association, the covenants, restrictions, conditions, easements, reservations, liens and charges hereinafter set forth shall be enforced against all property subject thereto.

**Section 1. Plan Approval:** No building, fence or Accessory Structure (as defined in Article Two, Section 18 below) shall be erected, placed or altered on any premises in Golfview Hills until the plans therefor have been approved in writing by the Association as to conformity and harmony of external design with existing structures in Golfview Hills and, in the case of structures other than fences, adequacy of storm water drainage without adverse impact on neighboring properties. Any construction or alteration that is subject to plan approval shall be completed within the later of (a) two years after the date of its plan approval by the Association, or (b) March 1, 2016.

Failure of such owner or occupant to comply with said request within the time permitted shall be deemed a grant of authority from the owner or occupant to the Association to cause the removal and disposition of any such dead or infected trees. Within sixty (60) days after removal and disposition of the same by the Association, it shall cause a lien to be filed in the Office of the Recorder of Deeds of DuPage County against such lot in the amount of money representing the cost and expense incurred in removing and disposing of any such tree or trees.

**Section 9. Accessory Uses:** Except as may be authorized by the Association, no free-standing Accessory Structure, whether intended for temporary or permanent use, shall be constructed or maintained on any lot, nor shall any structure of a temporary character, trailer, basement, tent, shack, garage, barn or other outbuilding be used on any lot at any time as a residence, either temporarily or permanently.

The same sight line limitations shall apply on any lot within ten (10) feet from the intersection of a street property line with the edge of a driveway or alley pavement. No tree shall be permitted to remain within such distances of such intersections unless the foliage line is maintained at sufficient height to prevent obstruction of such sight lines.

**Section 15. Fences:** No fence or wall shall be permitted to extend nearer to any street than the minimum building set-back line, and in the case of a corner building, set-back lines on both streets must be observed; provided, however, that a hedge or mass planting shall be permitted within the lot lines of each building site, provided that any such hedge or mass planting at any street intersection, shall not be of a height to obstruct traffic vision or constitute a traffic hazard. In addition, the Association is authorized to adopt such rules and regulations concerning the erection and construction of fences as are not inconsistent herewith.
