

## **Welcome To The Golfview Hills Women's Club Page**

The Golfview Hills Women's Club (GHWC) is a group of ambitious and dedicated women striving for a better community through service projects, social events and philanthropic support. Organized over 50 years ago by a group of 17 women, the Club takes great pride in the many accomplishments achieved over the years. Membership is offered to any woman upon payment of \$20.00/year dues. In its early years, the Women's Club assumed much of the work now being done by the Golfview Hills Homes Association. Designing and installing playground equipment in Zimmerman Park was among its first projects. In the ensuing years the Club has contributed funds for additional equipment, a flagpole, park benches, picnic tables, landscaping, and entrance sign lighting. The Club circulates a community holiday card whose proceeds aid those in need. Among social and community events sponsored by GHWC have been a float for the Hinsdale July 4th Parade, Fall Fest or Winter Fest (alternate years), Winter Chili Supper, and an Easter Egg Hunt. Meeting programs, interest groups and dinners are enjoyed by members throughout the year. The Guidebook/Directory is published with the help of the Golfview Hills Homes Association to furnish information about Women's Club, Homes Association, Park District, local fire and police protection, and community activities, as well as being a reference for residents of Golfview with regard to addresses and phone numbers (according to residents' wishes). Golfview Hills is a truly unique community. The Women's Club is proud to be one of the organizations working to maintain Golfview as a very special place to live.
