

IMPROMPTU VERSE

NO. 1

in early times we walked...
our feet were bare
we felt the earth and the Rocks
and the Briars
and dirt & sand
and Bugs
Our feet were strong and useful
not delicately protected
There is a reason why kids
are seen outside Barefooted
and maybe we've lost something
very essential
among many things
gone & forgotten
in this strange & foreign
modern world.

-Kevin Boudreaux
