Helping children learn is my passion! I have had a wonderful career in education teaching grades K-5 in both public and private schools. Being able to connect with my students and teach them what they need to be successful in learning and life is always my goal.

I was raised in Portland, Oregon, went to undergraduate and graduate school in southern California, and then taught in both Oregon and California. My training is extensive in reading, writing, math, and English language development. I have been trained and have worked with many children who have Dyslexia, ADD or ADHD, and Autism. I have also been trained and worked with many gifted children. I am also very experienced teaching English language learners.

As a tutor I bring not only a wealth of experience teaching, but also a positive attitude and inspiration to my students. I hope to make a difference in every child's life that I tutor. **Book a Free Trial Session with me Today!**
