

TECHLIGHT

THE SCIMITAR

"TRANSFORM YOUR NIGHT MATCH INTO A DAYTIME PRACTICE SESSION!"

Increase the playing day and allow your facility to accommodate more athletes and matches.

Decrease your facility's overall energy consumption by over 52% daily. Save money and dramatically decrease your carbon footprint.

Maximize maintenance and labor savings. By not having to consistently change lamps and ballasts, our customers save on average 2x the cost of their LED Retro-fit.

Deliver a more controlled, uniform and usable light than your traditional lighting systems with Total Internal Reflection optics (TIR).
