

# ***Saturday Sampler Program Rules***

Updated December 2024

We are so pleased that you have decided to participate in the Tiny Stitches Saturday Sampler in-store program! New sampler options are offered 2 times each year to local participants, and will continue for 12 consecutive months. We value your participation and ask that you follow the rules to make this a pleasant experience for everyone!

How Saturday Sampler works:

- Cost: \$15 initial fee - Includes pattern and fabric necessary to make block
- Go home, follow the directions to make your block, and return to one of the sessions on either the 1st or 3rd Saturday the following month. There's no need to sign up for a session; come to the session that works best for you.
- Present your completed block to our staff at the block pickup table to receive your next block at no charge.

The "Fine Print:"

- Your attendance at a session is required to pick up your next block. Sessions are offered at **8:30am, 9:30am, 10:30am, and 11:30am.**
- Please be prompt; doors lock 5 minutes after each session begins. Please do not bring another quilter's block, or send another person to pick up your block. This is not an instructional class, but it is an opportunity to learn tips and tricks for assembling the sampler blocks, as well as to hear about new fabric arrivals, classes that have been added to the class calendar, upcoming events/sales, and also enjoy projects from customers during Show and Tell. Sessions run 30-40 minutes.
- Please silence your cell phone and keep chatter to a minimum during sessions.
- If you are unable to complete your block(s) during the month, you can purchase that month's block(s) any time after the 3rd Saturday for \$15 each (while supplies last). We DO NOT mail Saturday Sampler block kits.
- Blocks cannot be reserved or prepaid.
- Photos of completed blocks are posted at [tinystitches.com](http://tinystitches.com) for your reference.
- Show & Tell: At the end of each session, we offer our customers the opportunity to show off completed projects. Everyone who shares projects will receive a coupon for a free fat quarter to be redeemed that day. One coupon per person, regardless of the number of projects shared.
- At the end of the program, we will offer patterns and finishing kits for purchase. If you prefer to finish your quilt another way, we will do our best to offer fabric **after** all requested finishing kits are completed.
- This program is appropriate for a "confident beginner." Please read the instructions carefully!
- We understand that "life happens," but please do not ask us to make exceptions to these rules.

## **Two programs beginning in January, 2025:**

### “Colorful Jewels” Kona 365 program:

- Each month you will receive a laminated instruction card and an exclusive charm pack.
- Leftover pieces from the charm pack will serve as your “Oops fabric” for this program, as well as the “piano key border” in the finishing directions.
- 4 ½ yd of fabric is needed for the background. Samples showed Kona White & Kona Black, however, you can use any background you like.
- Unfinished blocks are 18 ½”.

### Tilda Autumn/Spring:

- Each month you will receive the typed directions and the fabric necessary to complete the block.
- If fabric is miscut, you can purchase “Oops fabric” pieces at \$1.50 each.
- Unfinished blocks are 12 ½”.
