Remember, you took time today to meet the Reps that work for you, not the other way around. I believe, that for every biker here to day, there are 100's who feel the same way and couldn't or wouldn't get off their..... and come here themselves. So you represent them , not just yourself..... You count and so do they!!!!

Again, I would like to take this opportunity to thank you as a fellow biker. As Ben once said, "If we don't stand up together, we will surely hang alone" Or something similar.
