“Rising To The Occasion”

## ABOUT AUTO-B-GOOD™ [watch the "ABG Intro" video](#)

The **five-time Emmy Award-winning** Auto-B-Good™ series presents 63 different character traits that will captivate, entertain and educate students – of all ages. It is the goal of Rising Star Education to present products like Auto-B-Good™ that leave positive lasting impressions.

This character development series was prepared for students by active teachers and principals. We suggest that each character trait might be the focus for a week and divided in the following way:

- One class session to watch the related video from the Auto-B-Good™ Program
- Four class periods of discussion, student interaction, and activities which would support and strengthen the understanding of the character trait. Each class session may vary from 10-20 minutes or longer, based on the time available.

There are all sorts of other ways to utilize these resources to drive home the life-changing message found in this program. We would love to hear your story about Auto-B-Good™ and the difference it's making in your community, school and students' lives. Join the conversation at:

## HOW TO USE THE AUTO-B-GOOD™ MATERIALS [watch the "How To Use ABG" video](#)

There are three main ways in which you can use these resources:

1. Complete stand-alone program for students to be guided through our curriculum, videos, books and other resources
2. Companion resource for other compatible character education programs (Changing Lives, Character Counts and others)
3. Topical character education resource for guidance counselors, mentors, pep rallies

We are committed to helping schools and helping families finish well, which is why we created our rebate program for schools as a way to make these classroom resources at home. **To learn more about the ABG Rebate Program, visit: [ABG Rebate Program](#)**

# BRAVERY

**Stand in the face of danger for right**

*...bravery isn't about thrills at all*

***In "Rising to the Occasion," documenting true bravery seems to elude Izzi, until car thugs threaten the peace and EJ provides her with an illuminating example of courage.***

## UNDER THE HOOD...

### **LITERAL** comprehension questions

- What question was Izzi trying to answer in her video?
- What was EJ afraid of at Professor's house?
- According to Johnny, what did EJ need to get over his fears?

### **IMPLIED** comprehension questions

- Why do you think Izzi's project was harder than she thought?
- What makes CJ Willey such a great example of bravery?
- What do you think makes EJ want to be brave?

## QUALIFYING LAP...

*Featured character trait highlights for lesson prep*

**Give your students the opportunity to discuss the following:**

- My favorite part of the story is...
- This week, I saw an example of bravery when...
- When I am brave, it makes me feel...

There are lots of things that make us frightened. Make a list of those things and then brainstorm another list of the things that help us to get over those fears. Create a poster showing all the fears you came up with and how they can be overcome.

## RACE STRATEGY...

*An assortment of related activities that can be incorporated into the overall lesson plan as needed*

### **ACTIVITIES:**

- Write a story about a cat that was afraid of everything... even its own shadow. Be sure to write about how it was able to overcome one of its biggest fears.
- Pair and share about your bravest moment in your life. Explain why it was your bravest moment and what helped make you brave.
- Have every student write down their top 5 fears. Then compare notes and see what the number one fear was. Discuss why you think it is the number one fear and why it is so hard to overcome it.

## PUTTING IT IN GEAR...

*An extra activity for your students to do outside of the classroom*

This week at home, do a bravery project of your own. Interview some people about the bravest thing they have ever seen or done personally and record it on video. Then show all of the videos in class and talk about them.

## REVVED UP & READY TO GO

Here is a Physical Fitness activity or game that is related to the word which can be used in Gym Time, Recess or after school programs

### //HUNGRY LIKE THE WOLF

**Object:** Students will follow instructions and avoid being tagged by the wolves in this chasing/ fleeing game.

#### How To Play:

Have students line up on one end of the room– “the edge of the Woods” with the teacher on the other end of the main playing area– “the Woods.” The teacher will play the role of Alpha- Wolf and the students will start as sheep. The game begins with the students asking: “What time is it, Alpha-Wolf?” The wolf responds with an hour (i.e. “3 O’clock”) which is the number of large steps the sheep must take forward into the forest. This process repeats until the Alpha-Wolf answers “LUNCH TIME!” With this, the students must then run back to the edge of the woods for safety without being tagged. Any student who is tagged joins the wolf pack and the game continues until there are no more sheep.

#### Follow-Up:

- What information did you use in this game to help guide your decisions and actions?
- Where do you see bravery at play in exercise?
- In what ways did you attempt to be brave in the game?
