KIDS THRIVE with EXPOSURE TO MUSIC

It fuels their imaginations, grows empathy and confidence, and improves academic engagement and success.

For a child to thrive they need a loving environment, consistency, and a place where caring adults surround them. MYO provides that and more. It is a place where a child can grow up with love and support. It is a place where life-long friendships and relationships are cultivated – all through music instruction and performance.

We are investing in the MYO this season, and we need your help. All Jubilee proceeds, including those from ticket sales and those contributed through our silent and live auctions, the Wish Table, and Fund-a-Need, will support this fabulous educational/family program. Please help make these students' dreams come true.

"MYO is a village and a second home to so many of our families. The work we do here is essential to a child's development."
