Otter Sightings Roadway Mortality Sightings in Florida

When Will Your Reported River Otter Roadway Mortality Sighting be Recorded

River Otters of South Florida: Otter Research
and Otter Education Programming

UNDER CONSTRUCTION

Your River Otter Roadway Mortality Sighting will be recorded on an interactive digital map of the state of Florida. At this time the software to generate and record the sightings on the map has not been determined. In addition, an individual needs to be located that can create the map using the selected software. Please be patient and enjoy the rest of the website. (Victor L. Camp)
