Time to get all the summertime sand, dust and allergens cleaned out of your car and prepare it for fall and winter rains with ceramic protection!

- **ALL detail packages 10% off.... includes ceramic coatings!**
- **Chief level details will be upgraded to a Chief Plus level (\$100 value)**

****ALL Detail Packages will include Ceramic Protection at NO extra charge****

Paint and Wheels protected with a hybrid- ceramic sealant.

- More durable than conventional wax or sealant
- Guards against harmful UV rays, environmental contaminants
- Produces outrageous hydrophobic water beading action

All Glass treated with a ceramic-based sealant.

SiO₂-powered glass coating drastically improves your safety with exceptional visibility.

- Instantly repels water for drastically improved visibility
- Repels dust, dirt, pollen to keep your glass cleaner, longer

Tires and Trim receive a UV protective Ceramic-based dressing.

Restore and shield all vinyl and rubber surfaces with a durable SiO₂ and polymer blend for lasting defense for both interior and exterior surfaces including leather.

- Superior UV protection prevents your new trim and molding from fading
- Restores more seasoned vinyl, rubber, and plastics with a deep, quick-dry, satin finish
- Provides a hydrophobic shield against hard water and contaminant spotting
- Create an ultra-durable, rich, satin finish on tires and trim that last weeks
- Protects tires & trim, repelling water, chemicals, dirt, UV rays, and other pollutants

Ask about long-term ceramic or nanodiamond coatings for your paint and leather surfaces for the ultimate in paint gloss, protection and hydrophobicity. 10%off!!
