

Peter J. Cass, OD

Dr. Cass is Vice President of Practice Compliance Solutions, an optometry company providing billing and compliance support to optometrist. He is also Chairman of the Board of EDO labs in Dallas, a doctor owned lab manufacturing and wholesaling digital lenses to private practice optometrists. He is a Past President of the Texas Optometric Association serving on their third party, legal and legislative, finance committees, and as a key contact for several state representatives. He has also been a clinical researcher for Alcon, currently is Adjunct Faculty for UCHO, where he teaches practice management to the third-year students, and is an auditor for Medicaid. He still practices part time with MyEyeDr. in Beaumont, TX and is a nationally recognized speaker on topics of billing, coding, compliance, practice management, and anterior segment disease.
