4th Quarter Newsletter Date 2021
Volume 1, Issue 1
a Patersonian

From Street To Christ, Director James Brown (left) presented with the North Jersey Clergy Fellowship CDC, 2nd Unsung Hero Award, presented by Ovsr. William O. Henry , President of the NJCF CDC, also in attendance was Cinda Wallace Vice-President of the NJCF CDC. Sat. Aug. 21, 2021, From Street to Christ, Cook-Out, at Tyrone Collins Memorial Basketball Court, Presidential Blvd, Paterson, NJ.

This was a great event and FSTC 2nd year reaching out to the community with great guest pastors, ministers, leaders & speakers. I must commend Dir. James Brown for the professionalism and great all around job he performed in bringing this event to fruition.

I have the audacity to believe that peoples everywhere can have three meals a day for their bodies, education and culture for their minds, and dignity, equality, and freedom for their spirits. (Dr. Martin Luther King Jr., Norway 1964)

As we move through this Holiday season, let us not forget those in need, and the mercy and grace available to all. Let us all look to bless our neighbor in some way, to feed the hungry, cloth the naked, and shelter the homeless . To know the Way, is a path to life everlasting for the righteous and faithful. God Bless you all!
Overseer William Henry, MSW

A Look at Poverty

As we look at our society today, our world not just our country; little has changed over the past twenty years besides technology and selfishness. I am not going back in time to Dr. Martin Luther King Jr. or to Congressman Dr. Adam Clayton Powell Jr. and their fight for equality and social justice. Today we must have the most educated people in America than ever before. Yet, we have not progressed socially since slavery. There have always been great movements in history but as the movers were assassinated so were the dreams of social and economical equality. As the Declaration of Independence¹ states all men are created equal, this does not apply to all men, just the men that decide who it applies too, (filthy rich white men), and the constitution only can be applied to situations when these men (filthy rich white men) say that it can apply to a situation or even change the interpretation to suit their situation.

Why wouldn't America want to end poverty, eradicate social injustice, provide environmental justice, educate all children, provide the best health care in the world for all its citizens? True world leaders! You would think that America would want to build the model to eradicate poverty in the United States. However, this democratic, republican, nation loves separation, in government, politics, religion, race, color, gender, justice, environment, wealth, sports, entertainment, etc. The United States does not want to be branded the country that eradicated poverty in the world. It is not profitable! If all the citizens of the United States were working wouldn't that increase the tax base tremendously. If we had a new breed of entrepreneurship leading the capitalist journey out of poverty into the promised land. Would that benefit America?

The judicial system leading the racist practices for the police to follow. Arresting Blacks for minor infractions keeping the courts filled with frivolous arrest and unjust cases. With the major goal being giving as many African Americans a criminal record of any kind. The genocidal captivity of the African American race and the brain washing of White America to believe that it is justice.

*Continued > > >

The police just handcuffed and pepper-sprayed a nine-year-old African American girl.² Where is the justice in that?

America's biggest terroristic threat today, is white patriotic Americans. The African American population will tell you that this has always been the greatest terrorist the United States has ever faced, since slavery. Not just the south and but the north as well, many think racism (social injustice) is a southern problem, racism is an American problem, since its creation.

While blacks suffered in the past of addiction searching for help it was considered depraved and pathetic. The tide has turned with White's getting addicted to substances and needing assistance. Now that the "chickens have come home to roost" as Malcolm X stated,³ addiction is now defined as a disease and disorder that needs treatment.⁴ If the Black population returning from Vietnam and beyond were treated with respect and dignity the black drug problem would have not been as bad and the problem today may not have happened. Since today's drug epidemic is not from the young black standing on the street corner, but from corporate America and its greed.⁵ We do not lock up corporate America we fine them, we talk harsh to them, we do not incarcerate the real drug dealers. (filthy rich white men) They have profited by the billions and millions yet the black man on the street may receive anywhere from 3 years to life, for trying to just feed their children. Eric Garner lost his life for selling loosies, an unlicensed cigarette.

What is wrong with clean air, water and soil. I always hear the governments' (federal & state) Congressmen and representatives saying they do not want to increase the federal budget because it would be a burden on their children, grand-children and great grand-children. Is polluting the country for profit going to be a burden on their children, grand-children and great grand-children. Flint, Michigan, government officials & leadership decided to switch water system that polluted the city water supply with lead.⁶ It cost 400 million to install new copper pipes, water filters, bottled water, etc, with and additional settlement to the residents (\$95,000) of 650 million dollars.⁷

* Continued on Pg. 9

Christianity Vs. Covid-19 (Corona+Delta)

God created This world as a in Genesis within 6days and rested on the 7th. (Gen. 1, 2:1-4) If satan was there and assisted in the earth's creation then satan know things of this world. By that I mean he knows geometry, physics, chemistry, biological, astronomy, etc. If you believe in good and evil then you must also believe in God and HIS adversary satan and the fallen angels. (Rev. 12:7-9) One thing we must remember is that satan will always attempt to move you away from God; cause you to doubt God, Lord Jesus and the Holy Spirit. (Job 1:6-7)

Let's build on a hypothesis of Covid-19, that satan had something to do with the creation and/or release and spread of this virus. Satan is always moving to destroy us, God's chosen people. This is real warfare here, take no prisoners satan he would rather for you to die in your sin and go to hell, than for you to live in pain and maybe reconcile with God.

If satan wants you to die, in disobedience the Covid-19 virus is released; 38 million cases, 633,000 plus dead in America. I now ask you would God allow this to happen to HIS Chosen people or anyone; if this virus is from satan. Maybe, God is always watching. (Rom. 13:1-8)

It is us, people. If we pray and believe doctors and medicine are God's answer to some of our plights and conditions today. That he moves the hand of the doctor in surgery. That man made medication can help us with cholesterol & diabetes. And that it is man that turns these medical discoverers into profiteering. That we pray to God and are healed. Do we study enough, do we pray enough, do we fast enough, do we surrender ourselves enough? I prayed and was delivered, but I decided to surrender, I preferred reconciliation.

People we have Free Will! The book of Job, Job never gave up on God through all his trials and tribulations. He could have given up on God even with God throwing him under the bus. (Job 8) As Adam and Eve had opportunity to follow God, we all do if we will give up this world. The knowledge of this world is poison but the knowledge of God is Life Everlasting. (Hosea 4:6)

* Continued > > > >

With today's technology a vaccine was created to fight the wages of sin within a year. If you believe in the sovereignty and power of God. (Isa. 45:7-9; Col. 1:16-17; Rom 8:28; Matt. 10:29-31; Lam. 3:37-39) If you believe Jesus healing the blind man-the woman with the issue of blood. Then you must believe that you can be healed and the world can be healed and the world can be healed in the twinkling of an eye.

However, God has a protocol that must be followed. As with free will you have a choice. So, you must accept HIS protocol as in Job, among satan's conversation with God putting a hedge of protection around Job. (Job1:9-10) God can't protect those living outside of HIS will however (again,) there are times that HE will bless you to show you of HIS glory.

Here in America, we are at a fork in the road. Where you can refuse the vaccine, the rode to the left. You can get the vaccine the rode to the right. You can stand at the fork and not make a decision. And lastly you can turn and go back up the rode the way you came.

I ask you now, Who are you?

Oh yes, you shaped me first inside, then out; you formed me in my mother's womb. I thank you, High God, you're breathtaking! Body and soul, I am marvelously made! I worship in adoration—what a creation! You know me inside and out, you know every bone in my body; You know exactly how I was made, bit by bit, how I was sculpted from nothing into something. Like an open book, you watched me grow from conception to birth; all the stages of my life were spread out before you, The days of my life all prepared before I'd even lived one day. (Psalms 139:16 Message)

1) Are you the person that sees the rode to the left, not getting the vaccine as death and a conspiracy to kill you, harm you in the future? Then it is because you will get Covid-19 and you may not get any bad effects from it but you may pass this virus on to other that may not come out with the mild symptoms as you, as you may even kill others. 90 percent of deaths come from those not vaccinated. The non-vaccinated allow the virus to mutate into other stronger more deadly viruses like the Delta virus. This is not a conspiracy this is real deaths.

* Continued on Pg. 9

Don't do it a Look at Suicide

As I think of my mother and son birthday in March within five days of separation, I contemplate the joy they both brought to my life. With both being deceased my mother in 2002 and son in 2008 I relish the time God gave me with them. However, being a clinical social worker, I know that other's fall into depression at birthdays and holidays mainly, in their lives; And some to the point of suicidal ideations (thoughts) and suicide.

Life is too short to give up on it before you have reached your potential or purpose. In my biblical studies a woman is preparing her last meal because of a famine in their region. She has one meal left for her and her son with no hope in sight. However, God sends a prophet to her, that she may care for him. She trusts in HIM and follows their instruction. Has God sent someone to care for you whom you refused to trust or follow? Has God (Holy Spirit) spoken to you but you don't want to hear that message? This woman in her depression and suicidal ideation places her trust for a moment in this man Elijah and followed his instruction. Later, Elijah would save her son. To which they both lived and she is remembered in the Holy Bible (1 Kings 17:2-16.)

If you think you may know of someone with thoughts of suicide ask them "are you considering suicide"? The next question will be "how would you commit this act?" If they were to say they would jump off of a building and they live in the Riverview Towers get them help immediately. Or, if they said they would shoot themselves and they have a gun or access to a gun call someone immediately. For you to minister at this time Love is the key ingredient this person needs. If a person has the ideal of committing suicide and the means please call someone immediately. Teen and youth suicide are increasing at an alarming rate with this new world of social media.

Judas Iscariot the disciple, whom fingered Jesus for his arrest and crucifixion for 30 pieces of silver, hung himself on a sword. This act of suicide for betraying Jesus we would all say was deserving of Judas but that would be wrong. Judas a disciple, who walked and witnessed many teachings and miracles of Jesus. Judas watched Jesus raise the dead, yet he fell into a

traumatic state which led to him committing suicide. We have all sinned and fallen short of God's glory. Those that have attempted suicide and lived have said at the moment of the act they regretted their decision. A man jumped off the Golden Gate Bridge and lived and but at the moment he jumped, he regretted it. The moment they pulled the trigger of a gun before the bullet strikes the victim; regret.

Don't Do It! If you are alone call the suicide Hotline, a family member or friend who has the knowledge to help you. There was redemption for Judas, all he had to do was ask. We all have done things we later regretted. You can find your way back from this traumatic mind set. Love is the key use it to bring people back to God. Life isn't easy, it can become very difficult. It's how you learn to handle these events that bring peace or trauma to your life. You are more than a conquer. Don't give up on God or yourself, there is light at the end of the tunnel.

NJ Hopeline.com 24/7 peer support & suicide prevention Hotline 855-654-6735
National Suicide Prevention Lifeline
800-273-8255

General Statistics (USA)

Suicide is the 10th leading cause of death in the US for all ages. (CDC)

Every day, approximately 123 Americans die by suicide. (CDC)

There is one death by suicide in the US every 12 minutes. (CDC)

Depression affects 20-25% of Americans ages 18+ in a given year. (CDC)

Suicide takes the lives of over 44,965 Americans every year. (CDC)

The highest suicide rates in the US are among Whites, American Indians and Alaska Natives. The suicide rate is increasing in African American households.

Only half of all Americans experiencing an episode of major depression receive treatment. (NAMI)

80% -90% of people that seek treatment for depression are treated successfully using therapy and/or medication. (TADS study)

An estimated quarter million people each year become suicide survivors (AAS).

Ever Lasting
Life
Another Chance
Mentor Project

A man who views the world the same at fifty as he did at twenty has wasted thirty years of his life.

Quote by Muhammad Ali

It is up to YOU to be the man or woman GOD created you to be. Let us help you in achieving your Destiny, your Purpose in Life.

Everlasting Life Foundation

Another Chance Mentor Project is a mentoring program designed to help the mentee (person previously incarcerated) regain control of his or her life. This program will interview the ex-offender (Mentee) while still incarcerated, or a walk in then, assess and evaluate their needs to be productive and succeed in society. Everlasting Life Another Chance Mentor team will then walk the mentee through this process. We provide the necessary mentorship, counseling & coaching upon request. We have been mentoring men and women for over ten years with great success.

AChaMP Redevelopment Group

Redevelopment brainstorming to create a new process of systematic growth. We will examine the individual's character and cognitive reasoning; which will develop new practical ways of evaluating and assessing life's circumstances. The creation of thinking through the consequences of their actions. Fully comprehending their situation and planning before moving into action. With, planning and practice they will learn to control their old emotions & behavior and move in a new and proper direction.

Take Back Your Life!

Overseer William Henry, MSW

Do not conform to the patterns of this world but be transformed by the renewing of your mind.
(Romans 12:2)

As we look at the world today, mixed up, parents murdering their children, children murdering parents, husbands murdering wives, wives' hiring hit men, boyfriends & girlfriends killing each other. For what? Money, sex, drugs, prestige, selfishness, envy why would you kill the person you once loved or why would you murder a person you don't like. Young men robbing old ladies and men for a few dollars, unnatural acts of nature. Where does your heart sit with the unnatural things of this corrupt world and man? Can you be transformed?

You water grass and with the sun it grows. You pull into a gas station "\$25, cash, regular, unleaded" you drive to work, you come home from work and hug your wife and children. You look at the back yard and say to yourself the grass needs to be cut. Natural occurrences in daily life. Plotting to kill your spouse, selling drugs, using drugs, or getting drunk regularly, abusing your spouse, cursing your kids out these are unnatural acts, cursing your neighbor also an unnatural act and you have missed the mark that God has set for you.

Sin could be considered transgression against God's laws or wrong. Sin could be considered a failure to do what is right. Sin could be considered a condition when the heart is corrupted or inclined towards evil. Let's think back to the first sin, Adam blames God for giving him the women and blames the women (who was tricked by a play on words) for giving him the fruit to eat. Let us consider that Adam and Eve's adventure with sin, caused them to experience great losses and tossed from Eden.

As an archer aims his bow and arrow at the target and releases the arrow slowly with precision on the exhale breathe. How close the arrow is to the bullseye determines the archer's skill, training, experience, courage, knowledge all play a part in the shot to the target.

How does change come, what's the transformation process? How do you transform one thing or several things after being taught this for years and years? How do you transform from being selfish? How does the drug fiend after years of using drugs, give up their love for drugs?

* Continued > > > >

How does the husband that has abused his wife for years change the evil love to true love? The mind cannot transform without a new mind set (transformation.)

As we look at life today we should see the difference between the natural world and the unnatural world. Missing the mark God has set for you can deter your personal growth in the natural world.

I hear so many pastors speak out against homosexuality today. Yes, they have missed the mark God has set for them. However, we all miss the mark or have missed the mark in our growth, as the murderer, adulterer, thief, coveter or not honoring your father and mother. How about the father and mother not honoring their sons and daughters? When you live in these issues you are not living in your natural life. This is unnatural and you should be working to move out of the unnatural to the natural. In addition, the world and man has told you it's o.k., just, do you." You cannot be in the God's will doing you, living a natural life. A change must come from within you. A light must grow and bring you out of the darkness of this unnatural life and world.

You can take back your life, it is your life to take. Do not let the world talk you out of what God has for you. How can you continue to live unnaturally and know that you are living this unnatural life and the heart ache that it brings. Take back your life, it may take some time but the benefits will lead you to eternity.

Our God lives in a spiritual Kingdom (realm) which you must seek to find it, in your own way. The natural world must be understood to reach into the spiritual realm. Can a person living in the unnatural see and be allowed into the spiritual? Yes, if it's God's will and divine purpose to show this person the spiritual. The Almighty knows of the world's weakness and His love to move you into a natural spiritual life an everlasting life.

A Look at Poverty Continued

However, lead can be detrimental to the young child's developing brain and adults also.⁸ What will the cost be after time? Six years later the people still do not trust the water, its test, and government officials. This could have been avoided if the government did not allow such an atrocity to occur. Or stepped in fixed the problem afterwards and locked up all the officials' in this conspiracy to save money on the tax payers' back. That would have been justice.

In 1954 the United States Supreme Court, ruled unanimously in *Brown v. Board of Education*, Topeka Kansas that segregation of children in public schools was unconstitutional. The Supreme Court ruled that the Constitution of the United States concludes that you can-not separate school children because of their race.⁹ However today we are faced with the same problems as in 1951 that African American Children are still not getting the same quality education that white children receive. That African American children are punished and sanctioned more harshly than other children.¹⁰ African American middle school students attending stricter schools are 11% less likely to attend college, and 17% are more likely to be arrested.¹¹ That African American youth are counseled in school to learn a vocation and that they are not smart enough to go to college. That African American high school students are not given the same high school education that will give them a chance at life as White high school students.^{12,13} African Americans college students are given the same recognition for excellence as other students. African American students do not receive the same opportunities when graduating from college as other students, or receive the same pay as others in their respected fields.¹⁴

If America could see the benefit of giving everyone the same education and treating everyone equally it would grant the country an advantage over other countries more minds working more advancement. This would be true innovation and invention at work. America would truly become a superpower if it was to united its people of all nationalities, races, colors and religions and treat them with respect and education.

Can you imagine a person having the same opportunities to move and work themselves out of poverty. Can you imagine a country where the book of Proverbs lives in everyone's heart. Can you imagine a world where you can practice any religion and the focus of them all is Love thy God and Love thy Neighbor. Oh My God!

Covid Vs. Christianity Continued

You give the enemy a chance to regroup and attack again, and again. (2 Cor. 11:14)

The “powers that may be” do not have to inject you to track you. Your phone will tell the powers all they need to know about you. Are you going to trash that iPhone or Galaxy smartphone? Your political affiliation cares nothing for you only your vote. The love of money is the root to all evil. It's truly the love of anything not dependent on God. Are you in love with Christianity (the Way)? (Acts 18:25; Acts 19:23; John 14:6)

2) The rode to the right and vaccinated. Yes, you can still get Covid-19, Delta variant but the symptoms are not as bad and the majority of people will not go into the hospital or need a respirator. Some people have had horrible effects of the vaccine and died also; but that number is extremely small, less than 1%. But you say that could be me that small number. If you do not get the vaccine, you are in a much larger category of getting the virus. Every day you wait also multiplies your chances of getting the virus. You will get the virus and probably suffer greatly if not death. Suffering and death are the adversaries' task to move you from the Holy One.

3) If you stand in the middle of the rode or middle of doubt. Read 1, the rode to the left again because that's what you decided not to get the vaccine. Living your life in doubt, not able to make a decision that can save your life or a loved one's life. Wake Up! Whenever someone refuses to wear a mask they are going against God's Commandment “to love thy neighbor.”

4) You decided to turn around and go back. You are like those who wanted to return to Egypt instead of following God and HIS servant Moses. (Exo. 16:13) The children of Israel complained about everything and wanted to return to Egypt and its pagan ways and gods. Yes, you want to go back in time to a better time; and use past knowledge. That's your problem living in the past, you have to move forward in life you can't go back we are living in a new time.

We now live in a time of technology that provides us with a vaccine. A time with smartphones where you can watch church services from your car.

A time where we are moving from fossil fuels to solar electric. From waste to sustainability and a new green generation and world to come. We have an ocean full of plastic. Why would you want to go back to that, waste? You should be cleaning up our past mistakes through-out this time repurposing everything to not fall back into a world of waste. We must move forward we must not doubt ourselves if we believe that HE has our backs.

Why would the Lord want us dead? That satan's way; death.

You have heard the story of the woman who was in the flood the police came to pick her up, and told her she had to evacuate. She refused their help. The flood came and the fire department came in a boat to give her a ride out of the flood. She refused the ride. The storm became worse she had to move to the rooftop of her house. A helicopter came to get her she refused the ride. She claimed she was waiting on the Lord.

Now after death, in heaven she asks the Lord why did you let me die? The reply was I sent the police, a boat and a helicopter to get you!

People if you believe in Good and Evil, satan Versus Jesus, this virus is the work of the evil one, why or how could you not decide to get the vaccine. Lean not unto your own understanding. If you believe then you should believe in HIM and that HE only means good for you. You have to make a choice. Have you ever thought that the vaccine is God's property? And we die when we are called it's written in the Book of Life. So, you may be blaming Covid-19 vaccination for their loved one's death but it was written in the book. We can't let our emotions and what we think supersede whatever God has for us.

The vaccine is life, believing that God Almighty has our back and loves us is everlasting life. Do not allow the enemy to place doubt in your mind, because you will die a painful and lonely death.

Believe in the Almighty and HIS Promise of Everlasting Life. The vaccine is HIS escape plan for you have pray for a remedy to this ratchet virus and now take it.

From The Pastor Desk,

Activate You Strength : Scripture of The Day:

But as for me, I am filled with power, with the Spirit of the Lord, and with justice and might... Micah 3:8, MN

The prophet Micah knew how to encourage himself in the Lord. He understood how to draw courage and purpose into his life. He realized the power in His words and knew that speaking the truth was the most effective way to prepare him to accomplish all God has in store. Did you know that we activate the blessing of God's favor by speaking it over our own lives? Romans 10:9-10 The bible tells us that salvation comes when we believe and then declare what we believe. God's truth is established when we believe and declare it (Job 22:28). The bible says when we declare God's Word; we invite Him to do what He alone can do in our lives. Let me drop this on you: Your tasks today may not be anything like Micah's, but we all need God's help. Activate His strength by declaring that His power is at work by His Spirit in your life. I decree and declare you are filled with the power of God. I decree and declare that you are filled with justice and strength as you face the challenges before you because In His strength, you are more than a conqueror, In His strength, you are an over comer, in His strength, you can experience victory in every area of your life. In His strength. So activate your strength. Amen. Amen. Amen
