

Meet four Italian Exchange Students looking for Lincoln Host Families

Lincoln High School families: You have the opportunity to host an Italian student and enjoy a true cultural exchange. Then, your child will be invited to Italy in the summer of 2025!

Ergon specializes in a rigorous selection process ensuring that students are responsible, adaptable, respectful, willing to integrate in their host family. **Students are fully insured and arrive with credit card for all expenses**, including recreation activities and vacations.

We devote great care to matching students with host families. For parents and children alike, the experience of sharing their home with an Italian student often leads to lifelong friendships.

To complete the cultural exchange, **your son or daughter will enjoy an-all expense paid vacation to visit the family of your Italian student in the summer of 2025. Ergon sponsors the flight!**

Carlotta, Guglielmo, Giorgia, Matteo are looking forward to their dream coming true of being exchange students in the US and living with an American family next fall semester. **Read their bios.**

*With her sweet smile, **Carlotta** loves meeting new people. With a strong desire to explore the world, travelling is a journey of self-discovery. A little shy at first, she opens straight away. Friends are a second family for her. She's happy to give support, and volunteers with her school to help poor families. A top student, she commits to achieve her goals. Carlotta played the piano, has a passion for dancing and singing, for the magic of music, and skiing, for the feeling of freedom. She enjoys any sport, swimming, tennis, hiking, and is willing to try new ones. Her dream is to feel like another daughter for her American family.*

*With his enthusiasm and love for life, **Guglielmo** is a respectful, friendly, and cheerful boy. A top and determined student, Guglielmo takes on commitments positively and is always willing to face new challenges. His passion is competing with his soccer team, a training for life, but he also enjoys tennis, basketball, hiking, running, and is ready to try new experiences! In his peaceful moments, he enjoys music, reading, watching movies. Guglielmo has a close bond with his family and is willing to give the same care to his American family.*

***Giorgia** is a thoughtful student and an extroverted, empathetic girl, who cares about family, friends and whoever is around her. She dreams of becoming a psychologist and volunteers with elementary school children. Giorgia has a passion for artistic gymnastic, is good at golf, tennis, skiing, enjoys any sport, volleyball, swimming, hiking, sailing, yoga, camping. Creative and curious, she is fond of fashion and photography, music, pottery, painting, cooking, and is willing to experiment! She looks forward to becoming part of her American family and creating fond memories.*

***Matteo** is a sporty, caring, friendly boy. Very respectful towards others, he has an open mind and a strong attitude to understand different cultures. Somewhat reserved at first, he soon starts to socialize, feels a sense of duty to support his friends, enjoys playing with kids. Water-polo taught him to work as a group for a common goal. A competitive skier, his ski team is a second family. He enjoys any sport, soccer, basketball, running, hiking, camping. With a strong interest for geopolitics, engineering, economics, he played piano and drums, enjoys art, painting, drama, is open to new experiences!*

Thanks for considering welcoming one of them in your home! You can make a change in their life, but also in yours!

Our current Lincoln host families Darcy Wheelles, darcywheelles@gmail.com, and Walt Karnstein, walt.karnstein@icloud.com will be happy to share their experience with you.
