

**BOYS & GIRLS CLUBS**  
OF BUFFALO

**COMMITMENT**

**TO SAFETY**

The health, safety, and wellbeing of our Club members and staff is our highest priority. In the face of the COVID-19 pandemic, Boys & Girls Clubs of Buffalo has committed to adopting the following enhanced best practices intended to help limit the potential spread of illness, per the recommendations of the CDC and local boards of health.

**1**

### **DAILY TEMPERATURE CHECKS and QUESTIONS**

We'll monitor staff and members daily for signs of fever using no-touch infrared thermometers at all points of entry, following CDC guidelines. CDC questions will be asked daily and parents must attest **NO** to all of the questions. No one outside the organization will be allowed into the buildings without proper protocol checks.

**2**

### **HAND WASHING & SANITIZING**

We'll be adding additional hand washing into our daily schedule throughout the program daily. Participants will wash/sanitize their hands hourly or based on the activity they are involved in.

**3**

### **DAILY CLEANING OF ALL PROGRAM AREAS**

All program rooms will be sanitized every hour. Our program schedule has been created to allow 15 minutes between a group exiting a room and another group entering. Upon the last child leaving the club, all areas will be re-sanitized in preparation for the next day.

**4**

### **STRICT SOCIAL DISTANCING MEASURES**

We will adopt social distancing best practices including maintaining a minimum of six feet of personal space in common areas.

**5**

### **STAFF & CLUB MEMBERS WEARING MASKS**

All staff will be required to wear a mask throughout the day. Disposable masks will be provided for all Club members on a daily basis. If you have a reusable mask your child is more comfortable with, please provide it daily.
