

YOUR MONEY, YOUR LIFE

Living in the **Real World**

Your Money, Your Life helps individuals understand the financial responsibilities of earning a living in the real world. Participants in this engaging and fun simulation will be given a salary, pay taxes, and see how far their money can go as they choose housing, transportation, groceries, and more.

Your Money, Your Life presents the complexities of financial responsibility in a way that makes these decisions approachable. It encourages participants to think critically about how each decision might affect them.

This program offers a financial reality check for life and career decisions. Contact us today if you are interested in helping people in your area with the following:
