Commuter Alert

This is an ACTIVE construction zone! The contractor may be changing locations nightly, which will affect the direction of travel for residents that live within the construction zone.

Reminder: One-way traffic control with flagging and pilot vehicles will be in place. The route will be closed to **through** traffic at the above-mentioned location, for roadway excavation operations. This work will occur Friday through Monday. **It is advised to use an alternative route to avoid these long delays such as SR-91 and I-15 and the I-5.**

Be advised, you may experience long waits and delays due to construction operations. Please wait for the designated pilot car to escort you through the construction zone. Please obey all posted signs and traffic instructions, including the pilot escort car, as CHP will be on location and citing any offenders.

The availability of alternate routes within this area of SR-74 may change – meaning, the construction zone will change daily. Please plan ahead. A new commuter alert will be issued with locations of full closure as soon as the location of work is determined.
