PROJECT LINUS

Hello Fall!

It's that time again when the air gets chilly, the leaves begin to turn the most amazing colors and we start to think of all of the holidays that are going to start rolling at us. It is also the time that we start thinking about gifts we need to buy or make. Since Bob's Blanketeers will only be meeting once in November because of Thanksgiving, we want to make it special.

We will have a demonstration on how to make string quilt blocks. This can be used as a great stash buster or you can use special colors or prints for a holiday flair. You do not need to bring anything special for the demo or practice square, we will have the supplies for you. All are welcome to join us if you are a regular Linus sewer or not.
