## MACHINE USAGE LESSONS

Our instructors are available during regular store hours to show you how to use your sewing machine. We cover threading, winding and inserting the bobbin, selecting stitches and cleaning/maintenance. Usage lessons are free and unlimited if the machine was purchased at Bob's.

**You must register in advance for a usage lesson.** Please call one of the stores to register.

If you did not buy your machine from Bob's, the cost for usage lessons is \$25 per hour and up, paid to the instructor, depending upon the complexity of your machine.

On the day of your lesson, bring your machine, power cord/foot control, instruction book and all the small accessories that came with your machine. Please call us if you have to cancel.
