MACHINE USAGE LESSONS

Our instructors are available during regular store hours to show you how to use your sewing machine. We cover threading, winding and inserting the bobbin, selecting stitches and cleaning/maintenance. Usage lessons are free and unlimited if the machine was purchased at Bob's.

You **must** register in advance for a usage lesson. Please call one of the stores to register.

If you did not buy your machine from Bob's, the cost for usage lessons is \$25 per hour and up, depending upon the complexity of your machine.

On the day of your lesson, bring your machine, power cord/foot control, instruction book and all the small accessories that came with your machine. Please call us if you have to cancel.

The Longarm Group will meet in person on Saturday, January 8 at 10am. Contact Diane at bobssewnvac@gmail.com if you want to join the group (it's free!).

Per request, this month Bruce will show us how to clean and lubricate our Longarm machines.

I hope to be able to start a "year of ruler work" in February.--Diane

PROJECT LINUS

Come and join us for a sew day the second Friday and the fourth Saturday of every month. We meet upstairs at Bob's Westside Store from 9:30-12:30/1:00.

Drop in's are always welcome and there is plenty of room for all. If you do not sew, no problem there are other needs such as cutting, laying out designs and ironing. Bring a friend and come visit us!

We are accepting donation of 100% cotton fabric or flannel, low-loft cotton batting, 100% acrylic yarn or gift cards from sewing or craft stores.

Questions? Contact Gail or Ann at Bob's Westside or Linda Crowden at 808-280-3619.
