Welcome Back

Ms. Connie, Ms. Jodie, Ms. Allison, Ms. Kelly

September 2022

Kindergarten Koalas

"Your word is a lamp to guide my feet and a light for my path." Psalm 119:105

What's Happening This Month?

Phonics: In Phonics we will start off by recognizing the letter and sound of /L/. We will also be introducing vowels and consonants, rhyming words, and initial sounds.

Math: This month we will focus on becoming comfortable with our math manipulatives and learning how to "air write" the numbers 1-9. "Air writing" is when a child uses their arm and fingers to "write" the number in the air while saying a short phrase to help them remember. For example, "One. Come straight down and that is all. One."

Social Studies: We will be exploring rules and laws in Social Studies this month. We will learn why we need rules and laws, who makes rules and laws, and how they help our classroom, communities, and beyond.

Science: We are learning about water this month in Science. We will talk about all the different ways we use water in our house, our community, and in our world, and the three states of water (solid, liquid, and gas) We will also do some fun experiments using water.

Special Dates To Remember:

6th - FIRST DAY OF SCHOOL - HOORAY!

12th - Morning Carpool Begins; After School Activities Begin

Helpful Reminders:

*Send a separate snack each day and place it outside of the lunchbox

*Send in an extra set of clothes to keep in the classroom

*Morning carpool begins at 8:50am and ends at 9:00am

♥ Welcome to
Kindergarten

Here's the Scoop on Specials with Ms. Beth

Each month, I will be letting you know some of what we will be doing in the specials classes I am teaching. In all classes, we will be working on our listening and following directions skills this month. If you have any questions, please feel free to come see me. I am looking forward to a great year!

Music

In music, we follow the "First Steps in Music" curriculum developed by Dr. John Feierabend. We have used this curriculum for the past several years. The songs are short enough for multiple songs to be taught in one class period. Because we repeat the songs over several classes, the kids memorize them in a short amount of time and request their favorites. We will be incorporating some new Chapel songs this school year so we will take a few minutes in Music each day to go over the Chapel songs. In addition, we will be using various instruments to help us learn to play music together as a group.

Storytime with Jesus

I am very excited about our new special Storytime with Jesus! We will be reading the Bible, telling stories about different people from the Bible and even acting out some stories with the older kids. We will be meeting in the Chapel and will also be talking about how we act while we are in the chapel (and the sanctuary).

For the month of September, we will be talking about the Creation Story. We will be exploring the different creation accounts that we can find in the Bible. Did you know that there is more than one creation story in the Bible? If you have some time this month, explore the different creation stories that are found in the Bible with your student.
