

Wisconsin NCSRCC Legislative Conference February 28-29, 2024

As the 2024-2025 Session of the Wisconsin State Legislature gets underway, it is crucial we make our collective voices heard in the State Capitol. The North Central States Regional Council of Carpenters Wisconsin Legislative Conference provides us with the opportunity to speak directly to legislators and let them know how their decisions impact our wages, benefits, contractors, and the construction industry. Members attending the conference, will receive information about proposed state legislation and actions already taken that should concern every member of our union. NCSRCC leadership will also present information and address member questions. Every local union is strongly encouraged to send as many members as possible to this year's Legislative Conference. **Please make a strong effort to join your brothers and sisters to make your voice heard in the Capitol!**
