

IMPORTANT DUES NOTICE:

Official Notice will be mailed

On Friday, December 11, 2020 the Delegate body approved a necessary \$1 increase to monthly membership dues for those participating in the MetLife insurance program. This increase is due to the high utilization and volume of claims.

Beginning January 1, 2021 monthly dues will increase from \$28 to \$29.

Non-MetLife (\$23), Early Retired (\$16.80), Retired (\$6) and Social Security Disability (\$6) Dues members **will not** see an increase to their dues.

If you have already paid dues in 2021, you will need to pay the difference.

Any member with an automatic dues deduction from their Savings will see this increase automatically.

If your dues are deducted from automatic bill pay through your bank, please edit your monthly bill pay with your bank to reflect the new amount.

WHAT IS METLIFE INSURANCE?

The benefit began on October 1, 2017 and includes the following:

- \$10,000 Life Insurance
- \$10,000 Accidental Death
- \$1,500/month long-term disability

These benefits are good up until the member reaches age 65 or begins to collect on their pension. Members must be in Good Standing status to be eligible to collect on any of the above benefits.
