APRIL 2024 NEWSLETTER

TENT REVIVAL SEASON

We are in tent revival season! The last several months we have been planning and preparing for revival. Also, we have been evangelizing in local churches and have seen many people experience the transforming power of Jesus. People are getting saved, the sick are being healed, and the bound are being set free! This year is a great harvest for the kingdom of God.

YEAR OF THE UNLIMITED

As we prepare to go into our tent revival season, I want to ask you to pray for souls! At our conference in January, we announced that we are believing God for more than 10,000 souls to be added to the kingdom this year. Please pray for us and for the cities where God is sending us, that hearts will be prepared to receive salvation. Thank you!

INTERNATIONAL MINISTRY

We are preparing for a great time of ministry on the continent of Africa. This summer, we will be traveling to 3 nations. We will begin our time in Rwanda, where we will be conducting a pastors and leaders conference. We will end our time in the northern part of Uganda and hold a mega crusade where it is being estimated that over 10,000 people will be present in the meetings. We are in a time of raising the funds to make this possible. We need \$20,000 to cover the costs of the conferences and the crusade. Please pray with us that God meets this need, and if God would have you sow a special seed into this great work.

We are also planning for great times of ministry in the Dominican Republic, the Phillipines, and back to India this coming fall. Pray for us as we continue to plan and prepare to go to these nations.

Thank you for your faithfulness in your monthly support! Your faithful giving helps us reach the nations and reap a mighty harvest around the world.
