

COMPREHENSIVE OUTPATIENT REHABILITATION PROGRAM

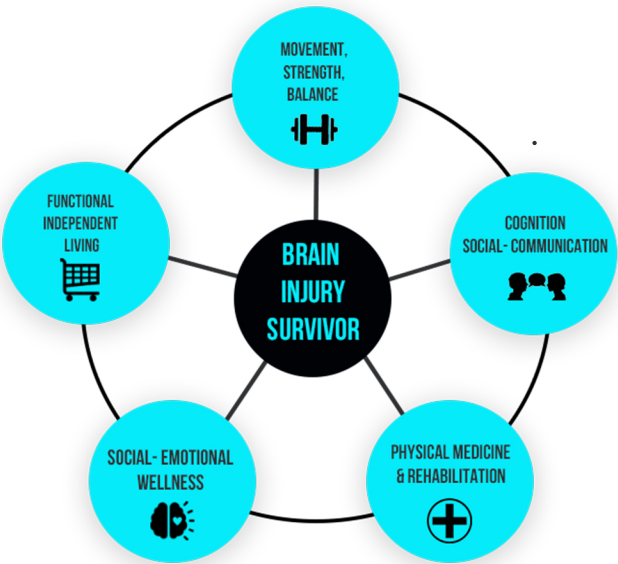

PROGRAM

Our Comprehensive Outpatient Rehabilitation Program extends beyond traditional outpatient services. Specialists include physical, speech and occupational therapists, rehabilitation psychologists, physiatrists, and independent living skills trainers delivering state-of-the-art post-acute rehabilitation with creativity, precision, and passion.

One team, in sync, working toward shared goals.

SERVICES

Specialists working together to facilitate functional independence, work readiness and improved quality of life.

ABOUT US

Brain Rehab Network (BRN) - the most experienced and trusted rehabilitation team in the Pacific Northwest. For over 30 years we have delivered **expert, coordinated and collaborative** care to drive progress and build hope. BRN is the only **CMS Certified CORF & CARF Accredited** brain rehab program in the region.
