

Fellow Republican, As the York County Republican Committee works to spread our positive vision for the future and prepare for the next elections your support is more critical than ever. We are in **a war with the far left Democrats**. In 2022 we must elect **a Governor, a United States Senator, our Congressman, 7 State Representatives and a State Senator**. It is of course no secret what the **New Democrat/Socialist Party** is up to. Massive inflation, attacks on small businesses, overreaching mandates, spending levels that are through the roof and a foreign policy that projects weakness and surrender. The Biden open boarder policy is a national security threat and a national health threat to us all. Republicans all over PA look to York County for leadership. Help us provide it!

Our goals are to continue growing Republican registration across York County. Increase community involvement through outreach. Recruit volunteers and committee members to build a solid foundation. Educate voters on the voting process, Republican candidates and principles. Engage women, young people and minorities. Develop online resources and social media as a tool for voters. Collaborate with local Republican organizations to achieve common goals. Improve organizational structure to benefit the committee for years to come.

We need your help to ensure that we are financially prepared to win these elections. Please consider supporting the York County Republican Committee and becoming a member of our Chairman's Club 2022 donations starting at \$1,000.00
