

July 13, 2024

All of us at the York County Republican Committee are deeply shocked and saddened at the senseless attempt to assassinate former President Trump today at the rally in Butler, PA. We are grateful President Trump is alive and only suffering minor wounds. Our heartfelt, deepest sympathies go out to the family of the only known fatality of an attendee at the rally at this point.

We pray for the President; we pray for the families of anyone injured or killed in the senseless attack and we pray for decency and sensibility to take hold and calm the waters in our country at this moment.

God Bless the United States and God Bless the entire Trump family.

Douglas George  
Chair, YCRC
