

Statement By York County Republican Chair, Jeff Piccola Calling for the Resignation of Richard Robinson, Board Member of the York Suburban School District

Democrat York Suburban School Board Member, Richard Robinson, should resign immediately. His outrageous Op Ed recently printed in the York Dispatch shows a complete disconnect between himself as a self-perceived elite ruler and the people who elected him to serve the entire community. He shows utter disregard for democracy and the dignity of the people who elected him. Saying that he “doesn’t work for you...” to the hard-working taxpayers and parents of the York Suburban School District is outrageous and calling them “village idiots” is unbelievable. We of the York County Republican Committee call on all Republicans, Independents and Democrats in York County, particularly the Democrat County Committee and Democrat Commissioner Doug Hoke to join us in calling for his immediate resignation. Should he fail to do so rest assured we will seek his democratic removal at the next election.
