

Fellow Republican, as the York County Republican Committee continues our work to spread our ideology of freedom for all and prepare for the upcoming Presidential, US Senate, Congressional, Attorney General, State Auditor General, State Treasurer, State Senate and State Representatives your support is more critical than ever. We are in a **battle with the far-left Progressives for the soul of this Country**. In 2024 we must turn out the Republican voters in York County if we are to save not only Pennsylvania but our country from the Progressive Democratic Party's **extreme leftist ideology**. Increased inflation, continued attacks on small businesses, overreaching mandates, spending levels that are through the roof and a foreign policy that projects weakness and surrender. The Biden open border policy is a threat to our national security, threat to our safety, and our security. These failed policies along with catastrophic levels of violent crime, with little repercussions to the perpetrators have citizens throughout the Commonwealth looking to York County for leadership. Please help us lead the way!

Our goals are to continue growing Republican registration across York County. At the same time, we will be working to increase the turnout of Republican voters, be it at the polls or through mail-in ballots. Increase our community involvement through outreach. Recruit volunteers and committee members to build a solid foundation. Educate voters on the voting process, Republican candidates, and principles. Engage women, young people and minorities. Develop online resources and social media as a tool for voters. Collaborate with local Republican organizations/Clubs to achieve common goals. Improve organizational structure to benefit the committee for years to come.

We need your help to ensure that we are financially prepared to win these elections. Please consider supporting the York County Republican Committee and becoming a member of our Chairman's Club 2024 contribution levels starting at \$1,000 annually.
