Images of Christ are all around us. From vast landscapes to much smaller objects, we are blessed with God's creation. Photographing small objects and displaying them as much larger than life is called "macro photography". Macro photography was the theme (and challenge) for the PIX Camera Club members. The four framed pictures in the narthex (flanking the Dunlop Hall entrance) are our attempt at macro photography. We hope you enjoy our addition to the church. If interested in learning more about PIX, contact Andy Shreve, anshreve@gmail.com

It is United Methodist Student Day the last Special Sunday Offering of the year in the Methodist Church. United Special Student Day is celebrated the last Sunday in November. Offerings collected help fund scholarships and loans for United Methodist students. On this Sunday we are called to support United Methodist students as they prepare for life by adding knowledge to their faith. A envelope is provided if you wish to join other Methodists in supporting students. Thank you.

Hmm...
I wonder where Santa is getting ready to go?

Our Annual Mitten Tree (plus hats and socks!)

As the Christmas season approaches, the C3 committee has been discussing our Mitten Tree. Last year we had a hard time finding places to donate hats and mittens. It is a storage problem for most places, and they get donations from other organizations this time of year.

We decided to go a different route this year. The schools seem to be well supplied so we thought we could help with the adult population. We are going to collect adult hats, mittens, and socks. They will be donated to appropriate places after Christmas. If you have items that go together, please hang them together on the tree or put them together in the overflow baskets under the tree. The tree will be put up during Hanging of the Greens, so the items can be brought in any time after that.
